

# Crosswalk Flag Petition

*I the undersigned have either experienced or are aware of the Waverley Road Crosswalk Flag program. I believe crosswalk flags are an effective means of improving crosswalk safety. I believe crosswalk flags improve the visibility of crosswalks and the visibility of pedestrians when used, thereby increasing the likelihood a driver will see a pedestrian and yield the right of way to that pedestrian.*

*I believe the Nova Scotia Minister of Transportation and Infrastructure Renewal, the Honourable Bill Estabrooks should either use his existing powers of the Nova Scotia Motor Vehicle Act, or alternatively amend legislation to provide the Minister the power to direct district traffic authorities to recognize and allow the use of crosswalk flags along Waverley Road, Dartmouth and elsewhere in Nova Scotia.*
